- **Week 1:** July 3<sup>rd</sup> – July 7<sup>th</sup> 2017
- **Week 2:** July 10<sup>th</sup> – July 14<sup>th</sup> 2017

The language courses are constructive and structured and offer the opportunity to experience a language at different levels.

In the morning, language-teaching units will take place and in the afternoon interesting and exciting outdoor activities are on the agenda.

Both, morning and afternoon programs are varied and communicated exclusively in the target language.

## **Morning program**

In addition to learning new content, the lessons include the repetition of what has already been learned. The intensive language course is taught by our experienced and competent language trainers (native speakers with academic degree).

## **Afternoon program**

During our afternoon program, children can develop their creativity and learn sustainably. Nature is used as an inspiration source. While children are moving, all their senses are addressed subtly. The afternoon activities will take place outside and they will include topics such as sports, culture, theater and science.

The afternoon program depends on the weather conditions.

On Friday, the **final presentation** for the parents & awarding of the participant will take place.
